THE OCCULT - A NEW POLICE PROBLEM

The many problems involved with the occult explosion is becoming a many faceted puzzle confronting Law Enforcement today. In addition, it is most difficult to understand for involved in secret practices of Satanic worship are deeper unlimited drugs and narcotics, deviant sexual behavior that go with it.

Unfortunately, the police investigator attempts to analyze these type crimes with his normal conception of criminal investigation. In the cases of satanic practices involving deviant sexual behavior, the investigator forgets the offense was committed by an abnormal person influenced by many strange and complex motivations and, therefore, Law Enforcement's analysis of this and the criminal must be guided by the principles of abnormal sexology.

It is imperative these cases be solved. They are vicious, revolting and create fear in any community. Men are apprehensive for the safety of their wives, mothers, and daughters; women for their children and themselves. These situations make for sensational newspaper headlines, as in the infamous cases of Henry Lee Lucas and Ottis Elwood Toole, who claim to have slain approximately 360 people during their travels around the country between 1975 and 1983. Henry Lucas stated in an April 22, 1984 Ft. Worth Texas Star Telegram News article, "there are hundreds more like him on the road, all members of the cult that worships death and devil." "I belong to a cult," Lucas stated, "it was a devil's organization. For initiation, you would have to go out and kill a person." As the reports unfolded from the Texas Rangers files, the disclosed some of the most sadistic, brutal and bizarre accounts of deviant sexual murders in modern history.

Abnormal sex offenses involving cult worshippers are not always recognized. The accepted elements of normal sex offenses may not even be remotely present. The basic ingredients may be fire, slashing, beating and stabbing, all of which are listed as other police offenses. It is only through proper training that the police officer can hope to gain the ability to understand and recognize which are regular sex offenses and those that belong to cult behaviors.

In either instances, occult sex crimes are difficult to prove. In many instances the victim is dead or confused through fear and/or shock. Law Enforcement must be able to conduct a thorough, comprehensive investigation with special emphasis on search of the crime scene, the location of evidence, together with the preparation and presentation of clues.

Criminal statistics prove the sad fact that sexual crimes of all classifications are increasing in our modern civilization. This is particularly noticeable in sex offenses against children.

All sex crimes are the result of degeneracy in some form or another. All types of sex offenders are potential threats to the happy and peaceful existence of children. Many sex offenders commit their crimes exclusively upon children and babies of tender age. Science states that it is a sad fact of human life when certain individuals reach a stage of sexual inability, they turn to their own sex or to children for sexual gratification.

When a person or a child is subjected to the indignities of the acts of degenerates, he or she will never forget the terrible ordeal they have suffered. In all cases of this type, the person or child is harmed physically; and in many cases, the victim's mind is affected. Attacks of degenerates upon children often result in that child becoming a degenerate.

This is a Law Enforcement problem; therefore, all Law Enforcement Officers should be familiar with the different types of degeneracy so they may be able to associate the type of criminal with the offense committed and to properly charge and prosecute the criminal in an intelligent manner.

With this in mind, I have put together several pages of occult material including such areas as The Witches Runes, The Sabbats, Hieroglyphic Alphabet, and Witch Glyphs.

This information may serve as a resource file for any Law Enforcement department, investigating such crimes suspected of having cult/satanic influence. In many instances, "strange" and "unusual" symbols are left at the crime scene, or transmitted through various writings which the investigator does not know or understand, and so often these symbols are disregarded, and or discounted as non-essential and immaterial to the case at hand. These cult symbols, runes, and hieroglyphics will assist the serious investigator to gain ability and to correctly understand and recognize this new and serious crime explosion.

In the event your Law Enforcement agency would like to have additional information, or would like for me to conduct a training seminar on the occult subject, please contact me direct by writing or calling:

EXACTLY HOW IS A DESTRUCTIVE RELIGIOUS CULT (DRC) DEFINED?

A DRC is any group which uses psychological manipulation (1) to impair, destroy or make captive an individual's freedom of thought or reasoning abilities. This is done with the hidden purpose of promoting the wealth, power or vanity of charismatic cult leaders. The recruitment (2) practice is usually deceptive and the victim enters the cult without informed consent. Cult leaders demand blind faith in their teachings, restrict the freedom of their followers and direct them to engage in criminal activity (3).

1. CULT TECHNIQUES OF PSYCHOLOGICAL MANIPULATION

ISOLATION
loss of reality induced by physical separation from society and rational reverences.

HYPNOSIS
state of high suggestibility induced by hypnosis, often thinly disguised as meditation.

PEER GROUP PRESSURE
suppression of doubt and resistance to new ideas achieved by exploiting the natural need to belong.

LOVE BOMBING
sense of family and belonging contrived through hugging, kissing, touching and flattery.

REMOVAL OF PRIVACY
loss of ability to evaluate, logically achieved by preventing private contemplation.

SLEEP DEPRIVATION AND FATIGUE
disorientation and vulnerability created by prolonged mental and physical activity and withholding adequate rest and sleep.

GAMES
need for direction when playing games with obscure rules increases dependence on the group.

META COMMUNICATION
subliminal messages implanted by stressing certain key words or phrases in long confusing lectures.

NO QUESTIONS
automatic acceptance of beliefs accomplished by discouraging questions.

CONFUSING DOCTRINE
complex lectures on an incomprehensible doctrine, encourage rejection of logic and blind acceptance.

REJECTION OF OLD VALUES
acceptance of new life style accelerated by constantly denouncing former values and beliefs.

CONFESSION
destruction of personal egos, increased vulnerability to new teachings and recruits' weaknesses revealed, through sharing innermost secrets.

GUILT
teachings of eternal salvation reinforced by exaggerating sins of the former lifestyle.

FEAR
loyalty and obedience to group maintained by threatening soul, life or limb for the slightest "negative" thought, word or deed.

CHANTING AND SINGING
non-cult input screened out by demanding repetition of mind narrowing chants or phrases, when faced with non-cult ideas.

DISINHIBITION
abdication of adult responsibility encouraged by orchestrating child-like behavior.

CHANGE OF DIET
disorientation and increased susceptibility to emotional arousal achieved by depriving the nervous system of necessary nutrients, through the use of low-protein, child like food.

CONTROLLED APPROVAL
vulnerability and confusion maintained by alternately rewarding and punishing similar actions.

DRESS
individuality removed by demanding conformity to the group dress code.

FLAUNTING HIERARCHY
acceptance of cult authority produced by promising advancement, power and salvation.

FINGER POINTING
false sense of righteousness created by pointing to the shortcomings of the outside world and other cults.

REPLACEMENT OF RELATIONSHIPS
pre-cult families destroyed by arranging cult marriages and "families".

FINANCIAL COMMITMENT
increased dependence on the group achieved by "burning bridges" to past, through the donation of all assets.

2. DECEPTIVE RECRUITMENT

. . . . Most cults recruit members in their teens when prospective members are young, impressionable, and troubled.

. . . . In the initial approach, potential recruits are often unaware they are being recruited (i.e., they are solicited to attend discussion sessions on non-religious political subjects; weekend seminars, dinners, etc.). The goal of this technique is to get the recruit alone with other cult members so that psychological manipulation can begin.

. . . . Not every recruit joins; at each step of the recruitment process, the worldly, sophisticated, "street-wise," independent recruits are separated. Only those who are idealistic, submissive and emotional are asked to join.

. . . . Interpersonal bonds are then established by other cult members. Conversion takes place not because of the appeal of its ideology, but because of the acceptance of the opinions of one's new "friends".

II. INITIATION OF A NEW CULT MEMBER

The illustration in the following pages depicts the complete initiation process of a destructive cult. Starting at the bottom and continuing upwards, there are 27 different steps in the recruitment, indoctrination and disorientation process. After the Recruitment and Indoctrination phases, physical and mental changes appear in the Disorientation State. Of the total 27 steps of psychological coercion, only 17 need to be used in a 48-hour period to result in a disoriented person.

TYPES OF ABUSE AND TORTURE

Confinement/isolation in small places, often with sensory deprivation: "Blackhole/pit, cage, coffin or grave. Often the container is filled with bones or a body (animal or human), snakes, spiders, etc. Children are told that worms will eat their brains out. Often they are left for days in absolute filth. This abuse is involved in significant rituals or may be utilized as punishment. Being reborn into Satanism (hauled out of live burial) through symbolic death is a standard ritual for children.

Sexual torture: Is continuous and almost always with multiple perpetrators (both male and female); as well as trained animals. Infants and toddlers are physically prepared for later sexual abuse with objects forced into every body opening. The role of the mother figure is crucial in this early sexual abuse preparation. Sexual rituals are common and generally involve the letting of blood (girls are cut vaginally, boys cut on the penis). "Sexual orgies" among cult members always involve the balance of pleasure with pain to serve Satan. Girls are impregnated as early as possible, and are taught that unanesthetized abortions are an honor.

Physical deprivation: Chronic disruption of sleep, starvation, excessive exposure to heat or cold. This breaks down resistance and increases susceptibility to brainwashing.

Forced participation in abuse/murder: For children this may be real (adult hand guides child's hand to stab baby) or staged (the victim was already dead, or child's participation was suggested under hypnosis). Child is then labeled a murderer, unlovable, a criminal who will be locked up by the police, crazy and awaiting psychiatric lock up. Ultimately, many of the children will be programmed to murder for the cult on cue. They are taught by "trainers" how to kill, collect blood and skin victims. Even high level "trainers" still go through continuous torture in order to stay vicious.

Psychiatric abuse: Children are often routinely taken to an actual psychotherapist (cult member) or a person posing as one. Routine "psychotherapeutic behaviors" are associated with pain and fear, thus effectively sabotaging legitimate therapy for the survivor in the future. some survivors also report being locked up and restrained in "psychiatric hospitals" or undergoing ECT as children.

Varied emotional abuse: Targeted at destroying child's self-esteem and self confidence. Standard caring societal messages (I love you, you're special) are linked with torture and abandonment. A child is ordered to complete a paradoxical or impossible task, then is tortured for not following orders or is blamed for the torture or murder of another child. Children are told they are worthless, dirty, stupid, ugly, evil and are lucky the cult will keep them.

Religious/spiritual abuse: Often in real or staged Christian churches, always targeted against any future acceptance of Christianity (even though many cult families masquerade as active Christians), always emphasizing control of child by Satan and his demons. Children are reaped with symbolic Christian objects and are told that Jesus approved and believes they are bad. Rituals involving the insertion of eyeballs into the vagina or rectum symbolize that demons are inside the child always watching. Children are "placed under numerous curses" during rituals. Especially important to uncover is the "curse of silence" (if they tell of the cult, they and the non-cult listener will die). Although special children are taught they can develop great powers by serving Satan, fear of the diety's rage seems to predominate the belief system. Most of the cult abuse is intertwined with religious dogma. Male and female children and adults are "married to Satan" (who is considered bisexual) at various ages.

General physical torture: Mutilation/marking the body for Satan, drawing blood, hanging by arms or feet, tubal insertion in body opening to allow for fluids to be introduced. Electric shock to spine/knees, dragging with rope or leash around neck, generally being treated like an animal, immersion in feces/blood buckets/urine, pulling/drilling teeth, being burned (trial by fire), blood transfusions and skin grafts from sacrificial victims.

Drug abuse: Begins in infancy, is routinely a part of general brainwashing and rituals. Drugs are very sophisticated and often administered by medical professionals (IV, IM, gas masks, orally). Most survivors report that drugs are administered through cranial burr holes as well. The effects of drugs are complex, such as resulting in paralysis from the neck down, and are very carefully induced. Some ritual torture need not be fully experienced by the child, and simply serves symbolic or spiritual purposes. The cult also uses sodium amytal to gain information.

Brainwashing: Often in conjunction with drugs, is sophisticated hypnosis which involves the associative pairing of induced pain/terror + the cult message + the trigger cue(s). Trigger cues are planted in the subconscious and are too numerous to list. They are later utilized by the cult to control the survivor without his or her conscious awareness (visual symbols on greeting cards, flower colors and arrangements, common hand gestures, verbal phrases, body postures, facial movements). Brainwashing is an integral part of ritual abuse and cult indoctrination, and also serves to create amnesia for cult information such as names, places, etc., thus protecting cult secrecy. Hypnotic introduction of visual images during abuse can hamper later therapeutic efforts to uncover accurate memories.

Near death experiences: Particularly common via suffocation torture, near drownings (head is held under water). These are utilized for punishment, to promote "out of body experiences," and are a common part of certain rituals. Victims may be resuscitated with oxygen.

Forced eating of flesh, excrement, and other fetid material: This is routine and is generally force fed or given to child as a trick, concealed as something else after the child has been starved for days. "Ritual meals" of blood, flesh, semen, urine, etc., are consumed by all cult members during sacrifices to Satan. (These are commonly accompanied by nausea and vomiting). It is quite common for survivors to be very suspicious of food in general and to avoid many food types due to color or texture. Some survivors seem anorexic and others compulsively eat to combat "taste memories".

Staged birthing of "bad babies": Dead snakes, rats, objects are seemingly pulled from between the legs of small girls who are told they are giving birth to bad, rotten things. This serves to practice birthing and also is more "evidence" of how bad they are inside and need to be purified (by more abuse).

Teaching cognitive confusion: Opposites are constantly reconciled in cult behavior and training (be obedient/rebel, sex without pain is not pleasure, love and hate are the same, black is white, ugly is pretty, left is right). children learn that none of society's concepts are stable and often represent their opposite. The child must split inside to function within this cult confusion vs. the non-cult world. Cult families frequently evidence different rules at home vs. at cult gatherings.

THE CHURCH OF SATAN

BASIC TEACHINGS OR BELIEFS:

The Church of Satan worships Satan, most clearly symbolized in the Roman God Lucifer, the bearer of light, the spirit of the air and the personification of enlightenment. Satan is not visualized as an anthropomorphic being, rather he represents the forces of nature. To the Satanist, the self is the highest embodiment of human life and is sacred. The Church of Satan is essentially a human potential movement, and members are encouraged to develop whatever capabilities they can by which they might excel. They are, however, cautioned to recognize their limitations - an important factor in this philosophy of rational self-interest. Satanists practice magick, the art of changing situations or events in accordance with one's will, which would, using normally accepted methods, be impossible.

CREEDAL STATEMENTS AND/OR AUTHORITATIVE LITERATURE:

The writings of Anton S. LaVey provide the direction for the Satanists - The Satanic Bible, The Complete Witch, and The Satanic Rituals (See also "Ethical Practices"). Members are encouraged to study pertinent writings which serve as guidelines for Satanic thought, such as works of Mark Twain, Niccolo Machiavelli, G. S. Shaw, Ayn Rand, Friedrich Nietzche, etc.

ETHICAL PRACTICES:

The ethical stance of the Church of Satan is summarized in the Nine Satanic Statements:

(1) Satan represents indulgence, instead of abstinence;
(2) Satan represents vital existence, instead of spiritual pipe dreams;
(3) Satan represents undefiled wisdom, instead of hypocritical self-deceit;
(4) Satan represents kindness to those who deserve it, instead of love wasted on ingrates;
(5) Satan represents vengeance, instead of turning the other cheek;
(6) Satan represents responsibility for the responsible, instead of concern for psychic vampires;
(7) Satan represents man as just another animal, sometimes better, more often worse than those that walk on all fours, who, because of his divine and intellectual development has become the most vicious animal of all;
(8) Satan represents all of the so-called sins, as they lead to physical, mental or emotional gratification;
(9) Satan has been the best friend the church has ever had, as he has kept it in business all these years.

Beyond the above principles, Satanists generally oppose the use of narcotics which dull the senses, and suicide, which cuts off life (the great indulgence), and stands firmly for law and order. The Church of Satan is not to be confused with "Satanist" groups which have been found to engage in illegal acts.

RECRUITMENT OF MEMBERS

The church does not proselytize but welcomes inquires from honest potential Satanists who hear about the Church from the various books about it, the mass media or word-of-mouth. New members must go through a screening process before they are accepted.

RELATIONSHIP WITH OTHER RELIGIONS:

The Church of Satan stands as a gathering point for all those who believe in what the Christian Church opposes and members are generally hostile to its teachings and resultant behavior patterns. To a lesser extent, the same position holds for Eastern religions.

****

1. Do not panic -- show interest and love.

2. Do not give the child money; if the child states they want to come home, send non-refundable tickets.

3. Do not demean the cult leader; get as much information on the group as you can.

4. Seek internal support from other family members.

5. Seek outside help from professionals who are aware of the cult phenomena including teachers, mental health and clergy.

SABBATS/FESTIVALS
PAGANISM, WITCHCRAFT & SATANISM

Pagans, witches and satanists share eight common sabbats during the year. Each one holds special significance to them. In addition, satanists hold a member's birth date in reverence. On these dates there should be a signifi-cant amount of activity amongst traditional worshippers.

In the Celtic (Druid) belief, night proceeds the day, therefore, festivals are held on the eve of the event.

The Celtic year began with winter and was broken down into halves. The winter half runs from November thru January and February thru April. The summer half runs from May thru July and August thru October. Both Equinoxes and Solstices are also celebrated.

Pagans hold fertility rites on Holy Days to promote fertility both in the home and agriculturally.

The Eight Sabbats are:

FEBRUARY 2nd	Candlemas -	In Catholicism this is the festival of the Blessed Virgin Mary. In other Christian religions it is the celebration of the presentation of Jesus in the Temple.
MARCH 21st	Vernal Equinox	
APRIL 30th	Beltane	Also known as May eve. This is a major Celtic festival marked by bonfires and fertility rites. In Christianity May 1st is Apostles Day.
JUNE 22nd	Summer Solstice	Third highest Satanic holiday.
JULY 31 to AUGUST 1st	Lammas	Feast of the Sun God. The beginning of autumn and the harvest season. The English festival of wheat harvest.
SEPTEMBER 21st	Autumnal Equinox	Or Fall Day.
OCTOBER 31st	Halloween	Or Samhain: First Highest Satanic holiday - Celebration of the beginning of the Celtic Year (Nov. 1st). In Catholicism, Nov. 1st is All Saints Day.
DECEMBER 22nd	Yule or Winter Solstice	Fourth Highest Satanic Holiday.

NOTE: According to the Satanic Bible a coven members birthday should be treated as a holiday also.

These dates may change according to the lunar cycle.

MASSES AND RITUALS

Masses are services held at different times during the week, month or year. Rituals are conducted at most of these masses and are used as a tool to bring about a change in the state of consciousness among the participants. Drugs, colors, music, chants, words and meditative practices are used to enhance or mesmerize the participants.

TYPES OF MASSES:

INITIATION: Where new members are accepted into the group. They will usually participate in the service acting as an acolyte. Once initiation is complete the neophyte is sworn to secrecy regarding all activities of the group.

GNOSTIC: A worship service sometimes open to outsiders who show a desire to join the group. Evil spirits are called upon and a desire of the group is expressed in hopes of it becoming a realization.

MASS OF ANGELS: On the eve of the Mass a black cock is killed and the heart, eyes and tongue are cut out. This mass is practiced to give the priest protection from demonic powers becoming too unruly.

MASS FOR DEAD: Used to call on God to free the celebrant from the fear of Hell and to make the demons obey. A lamb will be sacrificed, his throat cut and heart, eyes and tongue removed and ground into powder and then buried with the lamb.

BLACK MASS: The most bizarre of all rituals done only for evil purposes. Magicians can use powers, forces, spirits and demons. Evil medicine can be herbs or parts of animals or human beings. A mockery of the Catholic Mass is held. Blasphemy of the name of God and the trampling on or urination upon Christian artifacts is part of the service.

Because there is so much controversy surrounding the Black Mass, I will include extensive information on its history later in this presentation.

THE RITUAL

The steps taken before and during a ritual are described below. Keep in mind that each group may do things differently so this is merely an example of how one group conducts itself.

1. Preparation of the ritual area
2. Dress in garb and jewelry (if clothing is to be worn)
3. Ring bell to begin ritual
4. Light flame on the altar
5. Hold invocation
6. Celebrant drinks from chalice
7. Conjuring of demons begins
8. Execute desire
9. Extinguish flame
10. Ring bell to end ritual. Utter closing, "So it is done."

In most cases, rituals will be conducted within the circle to protect the celebrants from unruly demons. There are groups, however, who believe this to be unnecessary, feeling that they alone are in control of what happens during the rituals.

Obsession with fantasy role-playing games
Obsession with heavy-metal music

CRIMINAL ACTIVITY

Because the outside world is frequently equated with Satan, many cult leaders encourage their members to use any means necessary to advance their goals.

Theft of property or money is encouraged, as non-believers would just spend their money to gratify their senses.

Charity fraud is encouraged since this deception is approved by God.

The end of the world is predicted through some cataclysmic means, usually in a world war with communism. Therefore, automatic weapons must be stockpiled and drugs must be sold to enrich the cult.

Since the end of the world is near, traditional "moral" rules of society may be ignored in the service of the cult leader so that cult members may attain spiritual power.

A world government must be established through violent revolution.

Satanic influences must be beaten out of young cult members, as God does not like "bad children."

All authority figures are Satanic, particularly, the natural family, doctors, psychiatrists and law enforcement personnel, and must therefore be eliminated.

INVESTIGATIVE SUGGESTIONS FOR LAW ENFORCEMENT

1. Terrorist cults and cults which specialize in hate generally use many different names and have various front organizations. Develop as much information as you can, i.e. identity of leaders, their beliefs, recruitment techniques, etc. before taking any action. Many of these groups have automatic weapons stockpiled--know what to expect!

2. Some cults are using quasi-legitimate businesses as fronts for narcotics traffic. Determine whether such fronts are registered as a business or as a charity to solicit funds. Check local and federal courts for prior civil lawsuits and complaints...also, the Better Business Bureau, State Attorney General's Office, etc.

3. Many non-traditional satanic cults are using drugs, child abuse, human sacrifice and forms of mind control to keep their members from defecting. Many of their criminal acts center around the personality of the coven leader. Determine what form of his/her teachings the group is following. Study their symbols, dates activities are performed, instruments used in the ceremonies, etc. Note the holidays honored by the cult; particularly--birthdates of leaders, the solstices of June 22nd, December 22nd, April 30, etc. In missing children cases, determine whether dates of disappearance occur on or near these holidays. Insure your inquires are kept confidential as any public awareness will drive the cult into even greater secrecy.

4. Note that many traditional "white" witchcraft and satanic cults are legitimate, sometimes even helpful, to police in occult criminal investigations. Many are eager to give information on those cults engaged in criminal activity because they are giving them a "bad name". Be able to differentiate between such groups in your area.

5. Since the Mariel Boatlifts of 1980, many voodoo cults are now operating in this country. Understand the various signs and symbols connected with these groups; particularly--drawings of fowl, dolls, saints, painted rocks, coins, etc. Some of these groups are involved in narcotics, murder, extortion, and occasional human sacrifice.

6. One indication of satanic cult activity is the appearance of mutilated animals, i.e. dogs, cats, cattle, etc. Have qualified medical examiners examine the cadavers for missing blood, sex or other organs, and possible blanched skin on the back from electric shock. In some cases the epiglottis on these animals will be frozen open just prior to death. Check with local humane societies on complaints against individuals torturing animals.

7. Crime scene searches of suspected occult crimes should be as detailed and thorough as possible. Photographs of the scene should be taken with the magnetic positions of the compass noted as satanic cults believe the "evil one" comes from the North and will lay small branches or sticks pointing south.

8. To understand the amount of occult activity in your area, check with local libraries and book stores which cater to the occult. Research occult symbols in graffiti and tattoos on suspects.

9. Investigators should take a county map and overlay a drawing of an inverted star on the map. Information and past experience has shown this is used as an occult center of activity in the area. A good place to start looking.

OCCULT RELATED HOMICIDE CLUES

NO. 1 **WHERE THE BODY IS LOCATED**

Most cult meetings or rituals are held in deserted isolated areas. Wooded areas away from people, desert areas, graveyards, abandoned buildings, churches and/or residences.

NO. 2 **Position of the Body**

Note direction of body, whether the body is formed in the shape of a circle (facing inwards or outwards), it may be nailed to a cross or formed in the shape of one, it may be hanging from something like a tree either by its feet, hands or neck.

If rigor mortis is present the body may still show signs of having been tied down (bondage).

NO. 3 **MISSING BODY PARTS OR ORGANS**

In occultic blood rituals many times parts of the human body and/or organs are removed. They may have been eaten (cannibalism) or kept for use in another way.

Usually the parts most often used are the head, heart, hands, genitalia and the eyes, ears, nose, tongue or lips. Sometimes the cadaver will have appeared to have been boiled and the body fat within the cadaver will be missing. This will be determined at the autopsy.

NO. 4 **BODY DRESSED OR UNDRESSED**

If the body was dressed in some form of ritual garb, i.e. a ceremonial robe or mask, etc.

If nude, may also be a clue because many of these cults prefer to perform their ceremonies in the nude or as some of them call it, "Skyclad".

NO. 5 **STAB WOUNDS OR CUTS**

Particularly important, the size and location of stab wounds or cuts, if done in patterns or symbols, if done to allow blood letting or draining. Incisions to the sex organs, mutilation. Note the number of cuts/bruises if in numbered patters (i.e. in 3's, 6's, 7's or 13's). The location of human teeth marks or cannibalism.

NO. 6 **INK MARKS OR TATTOOS**

Many times some groups will mark their own or the body of their victim with an identifying mark or tattoo, to show ownership or membership, it may be as a warning to other groups or individuals.

Again look for patterns and/or symbols. It may even be a message written in an unknown alphabet or code.

NO. 7 **PAINTED WITH A SUBSTANCE OR PAINT**

The body may have been painted entirely one solid color or many different colors or in patterns, depending on what ritual they were trying to perform (different colors for different things) or it may be coated with some substance for much the same reason (different substances for different reasons).

NO. 8 **BRANDED WITH A BRANDING IRON OR ANY BURNS**

The victim may have been tortured, or again for anything in item numbers five or six.

NO. 9 **JEWELRY ON OR NEAR THE CADAVER**

Some occultic groups will wear certain items of jewelry depending on whether it identifies them as belonging to a certain group or is used for protection from or control of evil spirits or curses. Check for items like rings, charms, amulets, stones or talismans, etc.

NO. 10 **JEWELRY THAT IS MISSING**

Perhaps the victim was known to wear or possess such objects as described above (#9) and they are missing. Take note about the head, neck, wrists, fingers and ankles of the body to see if any such type of jewelry may have been forcefully removed (i.e. cuts, scratches, rope burns, etc.).

NO. 11 **ANY CORDS OR COLORED ROPES ON OR NEAR THE BODY**

A. Check for implements of bondage.

B. Some groups believe their invoking magic and use colored cords or ropes in their ceremony (again different things for different reasons).

NO. 12 **ANY IMPLEMENTS NEAR THE BODY**

See following list of ritual items.

A. Candles (note colors)

B. Cords or ropes (colored)

C. Containers of salts or other substances

D. An alter or object with occult symbols on it (pentagrams, hexagrams, inverted crosses, etc.)

E. An athame, usually a handmade ritual knife with a black handle and etchings on it.

F. The presence and location of a drawn circle or triangle (note size).

G. A chalice.

H. The location of the four elements, earth, water, air and fire.

I. Human and/or animal body parts or organs.

J. A book of shadows or a grimore (book of spells).

K. A censer (incense burner).

L. A sword or ritual knives.

M. Any parchments.

N. A cauldron (an iron pot)

O. Any coins, statues, stones or jewels.

P. Effigies or voodoo dolls.

NO. 13 **OILS OR INCENSE ON THE BODY**

The victim may have in preparation for the ritual ceremony had some oil or potion poured or rubbed on their body. The same with perfumes. Incense also may have been burned at the ritual.

NO. 14 **WAX DRIPPING FROM CANDLES ON OR ABOUT THE BODY**

Quite often candles are used in ritual ceremonies. Special note should be made as to color, location and amount of.

NO. 15 **HUMAN AND/OR ANIMAL FECES FOUND ON OR CONSUMED BY THE VICTIM**

Particularly true to satanic cults is the use of human and/or animal feces in their rituals. Note the location of and check the insides of the victims mouth and nose for consumption of.

NO. 16 **SIGNS OF HANDS AND FEET HAVING BEEN TIED OR SHACKLED, ROPE BURNS, ETC.**

The victim may have been tied down or suspended from something. One group was known to have used a strong thin piano type wire tied and pulled tight on an alter. The wires were attached to the victim's toes, fingers and genitalia then a form of torture was used to make the victim jump or move thereby severing the attached parts.

NO. 17 **STOMACH CONTENTS OF URINE, FECES, SEMEN, BLOOD, DRUGS, WINE OR POTIONS, ETC., NOT COMMON TO THE HUMAN BODY**

It's not uncommon for some cults during their ceremonial rituals for participants to ingest any of the above items, depending on what form of ritual was performed.

NO. 18 **LUNGS WITH INGESTED MATTER (SMOKE, LIQUID, BLOOD)**

Some cults while performing their ceremonies will use fire as one of their elements present (sometimes known as "balefire"). Other items burnt may be herbs, incense, beladona. If the sacrifice was forcefully made to drink blood or some other liquid, some may collect in the victims lungs.

NO. 19 **THE ABSENCE OF BLOOD IN THE CADAVER OR ON THE GROUND**

For most religious cults blood is extremely important to them, they believe the life force or spirit is contained in the blood.

The lack of blood present within the body is a good indicator of occultic involvement. These groups will drain the body and either drink or bathe in the blood. Most of the time they won't waste any of it.

NO. 20 **SEMEN ON, NEAR OR INSIDE OF CADAVER**

Acts of perverted sexual abuse are also common among various groups. Sex with a dead body (necrophilia) is a common initiation for new members to a group.

NO. 21 **THE PRESENCE OF OCCULT RITUAL PARAPHERNALIA OR CHRISTIAN ARTIFACTS**

Another indicator of occult involvement would be desecrated items from a Christian or Jewish church or organization. Occultic symbols, i.e. pentagrams, hexagrams, swastikas, inverted crosses, etc.

NO. 22 **MINI STORAGE LOCKERS**

If you suspect occult involvement, check for rental storage lockers belonging to suspects or victims. Many times the groups will store their ritual paraphernalia and supplies there.

NO. 23 **BIBLICAL VERSES AND GRAFFITI WRITTEN IN BLOOD**

Most radical religious cults will use Biblical verses either in or out of context and/or the presence of graffiti written or drawn in blood.

NO. 24 **NON-DISCERNIBLE ALPHABETS, WITCHES ALPHABET, CABALISTIC WRITINGS, ETC.**

Many of these cults or groups will write or send messages in code or use strange or old alphabets like the Runic or Theban alphabet, including ancient Hebrew or Greek.

NO. 25 **ANIMALS BODY PARTS**

The presence of and location of animal parts can help you determine the presence of and possibly the type of ritual occurred.

NO. 26 **DRAWINGS OR PHOTOGRAPHS OF VICTIMS**

Many groups or individuals will want to keep a record of their ceremonies and also for use in blackmailing others into silence.

NO. 27 **DATES OF RITUALS, CALENDARS, ETC.**

Certain times and dates are as important to various cults as our religious holidays are to us. Some satanic or black witchcraft cults are religiously required to perform certain rituals on thee dates. (See attached copy of satanic ritual calendar).

NO. 28 **COMPUTER TIES IN THE HOME**

If you suspect cult involvement and that the victim had computer ties in his home, we know many cults and groups are highly organized and use computers to amass information, send messages between members and to break into other computer systems for personal gain, thefts, secrets, etc.

NO. 29 **PHOTOGRAPHY OF MOCK WEDDINGS, CHILD PORNOGRAPHY OR SEXUAL ACTIVITIES FIXATED ON ANAL ABUSE**

Some groups will keep a photographic record of their activities or use such photos or films for blackmail purposes. Some cults take pleasure in desecrating known religious and/or social functions.

NO. 30 **MARKS OF THE BEAST - THE ALPHABETICAL LETTER NUMBERS FOR HEAVEN AND HELL, 666, OCCULT SYMBOLISM, ETC.**

Primarily used by satanic cults to show their allegiance to Satan or the Devil, and/or group membership.

NO. 31

If the site is outside, you crime scene search should be extended to the nearest road to search for boundary and/or trail markers leading to the ritual site (see occult signs and symbols section).

NO. 32

If a trail leading to the ritual site is located, always walk to the **"left side"** of the trail/path. Many times occult members will booby trap the marked trail or path to kill, disable you or to alarm the occult group.
